# A Sense of Quality & Innovation

## Who Are We?

Artinn office furniture as the part of a holding group which its headquarter is located in Bursa, republic of Turkey and is the owner of the factories and branches in China, Taiwan and middle east countries.

With more than 30-years of experience in production of office furniture in areas totally over 85,000 sqm and 1600 personnel, Artinn is ready to serve the valuable customers with the highest quality and modern design.

To improve the efficiency and enhancing safety and reducing the injury risks, ergonomic design is considered crucially important here.

All the components and chairs are tested according to BIFMA/ANSI standards in the authorized and localized laboratory.

## Biz Kimiz?

Artinn Ofis, Türkiye Cumhuriyeti / Bursa merkezli ve aynı zamanda Çin, Tayvan ve Orta Doğu ülkelerinde fabrika ve şubeleri bulunan büyük bir holdingin grup şirketlerinden birinin markasıdır.

Toplamda 85.000 m<sup>2</sup>'nin üzerinde bir alanda ofis mobilyası üreten Artinn, 30 yıldan fazla sektörel tecrübeye sahip olup 1600 personeli ile kaliteli ve modern tasarım ürünlerimizi değerli müşterilerimize ulaştırmaktayız.

Sektörümüzde verimliliği ve güvenliği artırmak ve yaralanma risklerini azaltmak için ergonomik tasarım konusu çok önem arz etmektedir. Bu yüzden tüm bileşenler ve sandalyelerimiz, yetkili ve yerel laboratuvarımızda BIFMA / ANSI standartlarına göre test edilmektedir.

### Our Mission

Is to develop the overseas markets by applying the strategic management systems and qualified suppliers.

### Our Vision

To be a leading international furniture manufacturer offering innovative and superior quality products.

### Certification & Standardization

Technical patents and standards such as BIFMA X5.1, ANSI by SGS, CE, ISO9001-10002 and TUV are all provided to ensure the customers of what is processing during the production.

# Quality is in the **details.**

## Research & Development

Our team is always researching the market and doing surveys on a regular basis. Based on the information collected, design, product development, pricing, etc. We update ourselves on the topics. We strive to present new products with the best quality by constantly improving ergonomic designs.

## Design & Engineering

A new design comes out of several hard-working and researching months. As a result of researches, our R&D team design the product according to ergonomics standards. After the design approval, the modeling process is started. This is where the engineering spirit of our products comes from.

# SIMPLE BUT ENOUGH!

Chrome shining frame with the integral armrests provides the sense of power and comfortness in newly designed mesh chairs. Different choices on leg types also is another option for refreshing the office and even home areas specially conference zones.

# Icon Series

## Colorful Solution For Workspace

In comparison of similar models, Series of icon chairs describes the economic and light-weight accompanying the delicate design. The concept comes out of the idea for the low-spaced working areas although the formulization of the raw materials are again according to the rigid standrads.
